Contracting Officer

Subject: Contract RD-132, Task Order No. 13

With reference to the last paragraph of your letter of 6 January 1961, same subject, the following summarizes the property reports on Task Order No. 13.

1. Property listings - Material Expended and Residual Material - were submitted to you with a letter (116-78-1) dated 26 August 1960.
2. Your letter of 14 Sept 1960 gave us permission to use the one item of residual material on other work.
3. Our letter of 5 Oct 1960 (116-87-22) indicated that we would formally account for the item of residual material under Task 31, although the item would be used in connection with other tasks.
4. We have made a review of the items of equipment furnished to us by your technical representative for use on this task. We find that all of the items have been returned to your technical representative with the exception of four:

- (a) 1 ea. Transmitter, Model RT3-R31d,
(b) 1 ea. Transmitter, Model RT3-R31d,
(c) 1 ea. Power Supply, Model RT3-PS31PS,
(d) 1 ea. Power Supply, Model RT3-PS31PS.

✓ Items (a) through (d) are currently being used on Task 20 and, therefore, with your approval, will be reported at the completion of Task 20 when we list Government Furnished Equipment.

I believe the information included in item 4. now completes our property statements for Task Order No. 13.

Very truly yours,

Project Administrator
